## AROUND THE CITY

## LOCAL.

Rev. A. B. Aldridge, of Wetschwin, Minn. is in the city.

Mrs. Robert Pearson, of Red Deer, is visiting with Rev. Prof. A. D. Miller, South side.

Apprentice has been working on the new building and to have come from Saskatchewan.

Is E. A. Wallace, the P. O. store, Brown, Sask. Probably dead two months or more.

The Rev. Father Curran of Ladue, preached at the church of the Immaculate Conception last evening.

The subject, "The Passion of Christ." The death took place on Sunday of the infant child of Mrs. and Mrs. John Gordon, 115 McCaully street.

The funeral will take place this afternoon at 2:30 in Edmonton cemetery.

A banquet and reception will be given on Tuesday evening to Dr. Borden, president of Mt. Allison College, Saskatoon, N. B.

The banquet will be held in the hall of the Methodist Church. Over four hundred students of this college have attended their intention of attending.

Any other who desire to attend will communicate with Prof. Alfred Knittel of Alberta College.

The H. W. M. P. of the city have received a description of the man who was found dead in a straw stack about a mile north of here.

March 1912, along with a request that they make it known to the hope that some one seeing it will recognize the description.

The body of the man was found in a haystack with the officer commanding.

## FRIENDS BANQUET ALDERMAN CLARKE

COMPENSATION VOTED TO THE ALDERMAN UPON HIS SUCCESS AGAINST THE ALLEGED CHAIRMAN OF THE AFFAIR IS GEO. H. FRASER.

Judging from the size and the enthusiasm of the gathering at the Hotel on Saturday night, Ald. Joseph A. Clarke has lost none of his popularity for the recent report to the contrary.

Indeed his supporters seem to have rallied together more than ever since they placed him, to show him their loyalty to a number of his friends and supporters arranged in his honor.

A banquet and reception will be given on Tuesday evening to Dr. Borden, president of Mt. Allison College, Saskatoon, N. B.

## HOW WILL THE CITY LOOK TO THESE?

## PRIEST WOULD FORGIVE RIOTING MALCONTENTS

Father Paulus Tells Congressmen He Comes as Soldier Obeying Orders and Police Drive Church Members From Catholic Church.

Cleveland, Mar. 22.—Father, forgive them, for they know not what they do," so Rev. Father J. M. Paulus today began his sermon at St. Michael's Catholic Church after thirty minutes of shouting and rioting from the building and eight arrests by police who had been assigned to duty there in expectation of trouble. A large proportion of the parish one of the most prominent in Cleveland, has been disaffected with Father Paulus. A week ago the pastor was hostile and jeered as he strove to read letters from Bishop Forrely and the apostolic delegate at Washington in vindication of his assignment to the pastorate.

Today when the police had ejected malcontents, Father Paulus, standing in the sanctuary with an officer on either side, read the letters, though all was confusion. Then he told the congregation that he had come as a priest or a soldier obeying orders, as the bishop had assigned him to the church. He had sought to resign but Bishop Forrely had told him that would disrupt the parish.

Threats of dynamite caused the police to establish a guard about the pastor's residence. Those arrested at church were released later.

C. P. R. Engine Blow Up.

Windsor, March 23.—A Canadian Pacific Railway locomotive No. 297 blew up at Madoc, Man., early this morning. Jas. Hilde, boiler man, was badly injured, and Lloyd Johnston, engineer, and Edward Ryan, stoker, escaped with a bad scalding.

STEAMSHIP OCEANA, WHICH WAS SUNK IN THE ENGLISH CHANNEL AFTER A COLLISION WITH A GERMAN BARQUE—Between fifteen and twenty lives were lost of passengers and crew—Two hundred others were rescued by reason of the great heroism of the British life-saving crews.

## MAYOR TO APPROACH CITY HOTEL KEEPERS

Mayor Armstrong believes that further discussion is still necessary to accommodate the expected influx of people this spring.

For two or three years the immigration has been making for Calgary as the central point," said the mayor, "this year it is coming our way." He is desirous that no person shall have to leave the city on the score of lack of accommodation, and with a view to this he has decided to approach the hotel-keepers to try to get them to recognize their personal obligations in the matter. As the hosts of the city it is up to them largely to see to it that the city is able to receive all those who want to come here.

Mayor Armstrong is of the opinion that the hotel-keepers will not be all of the homestead class, but that a large proportion of them will come from the States looking to establish businesses here or to take employment in the city.

The Exchange Mart, McQuinn avenue, and the skating rink, opposite Quinlan avenue school, are two places which the mayor thinks much of the hotel-keepers might fit out temporarily as annexes by the use of tents.

The position was again discussed at the meeting of the city commissioners Saturday and it was decided to leave the matter in the hands of Mayor Armstrong and Commissioner Harrison.

## SAYS GOVERNMENT IS ABSOLUTELY HELPLESS

Hon. Geo. E. Foster Admits That He Has No Remedy for the Car Blockade in the West—Who Changed Name of Village of Froedrich, in Saskatchewan.

OTTAWA, Ont., Mar. 22.—Hon. G. E. Foster admitted tonight that the Government had no remedy for the car blockade in the west. The minister came up as the result of some remarks by Hon. Frank Oliver, the effect that the outbreak for the blocked one by Duluth and Fort William was inadequate, and called on the government to do something.

With little or no discussion a resolution, to grant Prince Edward Island an additional subsidy of one hundred thousand dollars, was passed. The government's ground for making the grant was that the island has public lands and should have been given a grant years ago.

There was a long debate tonight over the changing of the name of the village of Froedrich, in Saskatchewan, to St. Alban. Hon. L. P. Pelletier denied that the post office department had done it.

TO WITHDRAW DURHAM REFUGEE.

Kingston, Mar. 23.—The Indian refugee, who was seized at the time of the Durbar, is to be withdrawn from circulation. It is a handsome coin with the head of King George on it, but the character has attempted to reproduce the details of a periwinkle shell, that the order of the Indian Emperor, which the King is wearing, and has succeeded in making the little chopans which hang from it look exactly like tips. This, of course, is a horrible idea to native minds.

## DEAD END OF STREET RAILWAY SYSTEM ARE TO BE CONNECTED

First Move to be Made This Year in Making of the Belt Lines.

## TENDERS CALLED FOR THE YEAR'S EXTENSIONS

Sixty Foot Rails Will be Used Instead of Thirty Foot as Formerly.

A glance at the map of the city of Edmonton reveals the fact that the street railway lines are all dead ended and spread out from a common centre like the arms of an octopus. These dead lines have been one of the causes for the deficit which has appeared each year since the railway has been in operation. This year the street railway department has decided that the lines in the city will be taken.

In these parts of the city where the development, with the laying of pavement in a few years, the tracks will be paved, thus putting a strip of pavement in the centre of the street twenty feet wide. The paving of the tracks will be done in the city will have saved at the end of twenty years the enormous sum of \$160,000 per mile. Should it be found, however, that there will be any difficulty in connection with the drainage of any portions of the line which is proposed to be paved, then a temporary line will be laid in that section shall have been completed.

## Calling for Bids.

Bids are now being called for the paving and laying of tracks in those paved sections. The city engineer has received the proposals for the unpaved sections without calling for tenders.

In the east end of the city the line to the Exhibition Grounds will be double tracked and paved. The line will be double tracked to the loop at present in use at the Exhibition Grounds, thus making a belt line. One of the objects of the city's appeal to the Imperial Commission to have both the C.N.R. and the G.T.P. come into the city by the double track, was that the road cut down the cost of a subway under the tracks on Spruce avenue.

The line along Rutherford from Jasper to the loop will be constructed this year in all probability. First Street and West.

On the west end of the city the double track and paved as far as the line to the loop at present in use at the Exhibition Grounds, thus making a belt line. One of the objects of the city's appeal to the Imperial Commission to have both the C.N.R. and the G.T.P. come into the city by the double track, was that the road cut down the cost of a subway under the tracks on Spruce avenue.

The lines along Athabasca avenue to the city limits and along 24th street to Alberta avenue will not be laid this year. The lines along Athabasca avenue to the city limits and along 24th street to Alberta avenue will not be laid this year. The lines along Athabasca avenue to the city limits and along 24th street to Alberta avenue will not be laid this year.

# FORMAL DECLARATION OF PEACE IS EXPECTED

Mine Owners and Miners Will  
Again Confer on Monday  
Morning.

GOVERNMENT'S POSITION  
IMPERILLED FRIDAY

"Five and Two" Amendment All  
But Caused Wreck of the  
Government.

London, Mar. 23.—The good ship "government," which was to have entered port today, was caught Friday in a sudden storm which at one time threatened a shipwreck. Friday was a day of thrilling sensations, pregnant with a possible cabinet crisis, ministerial defeat and social war. It opened acutely. Everyone had left Westminster Thursday at midnight convinced that the cabinet, when it met in the morning, would contrive some formula which would enable the government to satisfy the demands of the people in the bill. The Opposition was cured by the heavy machinery against it, and out of heart over the absence of every sign of leadership on the part of its chief, but when the cabinet met the storm broke.

**Lord Chancellor Opposed.**  
The lord chancellor, Lord Loreburn, who although a good radical in theory, is a fine old Tory in all things legal, would not listen to the proposal to meet the miners' demands about the five and two shillings. Lloyd George took the opposite line and made a passionate appeal to the cabinet to endorse the point. No information is available as to how the ministers were divided. Rumor says Mr. Lloyd George supported the miners' demands. The discussion revealed the fact that the cabinet would split if the five and two shillings provisions were adopted.

**Premier's Clever Move.**  
Premier Asquith, therefore, decided to keep the cabinet in the dark and face the consequences when the House assembled. The House was summoned to hear from the Premier a definite declaration that the miners would not insert the "five and two in the bill." President Edwards of the miners, at once declared that the strike would continue and an agitated debate followed. The miners offered to give up their schedule for however wages if the minister would concede the five and two. Ramsay MacDonald and Kier Hardy made an earnest appeal, but all in vain, and the situation looked menacing. At last the happy suggestion was thrown out to refer the "5 and 2" to a joint conference of mine owners and miners to reconsider the question and arrive at a voluntary basis. On this understanding the amendment was negatived without a division, to the great relief of the

## EMIGRATION TIDE SETS CANADAWARDS

London, Mar. 23.—The great spring wave of emigration has set steadily canadawards. All the emigrant boats of the Royal and Canadian Canard lines are full for April and May, hundreds of applications being turned away. T. Howland, Canadian Northern emigration agent, returns on the Royal George with a large party for all points in the Canadian West. Montague Wood, of North Battleford, also returns with a large party.

**Liberal members.** The Opposition of course, supported Asquith in opposition to the "five and two." At first it was hoped the conference might be held last night, but the Durham and Northumberland mine owners were absent, and as they could not return until Monday the conference was postponed until then.

Strong hopes are entertained that a compromise may be arrived at merely on the "five and two," but also on the schedule for hewers. In that case the bill, having served its purpose, could be dropped. The miners from the first have striven to avoid legislation. They failed, but with the bill ready for enactment in their hands, the dispute may be more amenable to their appeals. If so, then a settlement will be instantly preferable to the bill. The miners pressed their demands to have their schedule for hewers included in the bill, but it was rejected by a large majority of them, only fifty-five members voting for it. An announcement directing the district councils to take into consideration the existing coal contracts, was received on the ground that as the district councils must take into consideration all the circumstances it would be inadvisable to single out one.

The bill was adopted by committee at 1:29 a.m., the members being tired and exhausted with the discussions of the day.

The miners will meet today to consider the situation. The joint conference will meet Monday morning and the result announced Monday afternoon, when the bill will be taken up on the report. Sunday will bring reflection and a formal declaration of peace is expected.

## A Glimpse Week-end.

London, Mar. 23.—England is spending one of the gloomiest week-ends in her history. In every town, village and hamlet throughout the country, where skilled workmen are usually engaged in great industries, unemployment is on the increase and the families of the workers, who have been rendered idle by the strike of the

million coal miners, who quit work March 1st, are in many cases facing starvation.

Residents of cities, who usually spent Saturday afternoon and Sunday in the country, are unable today to leave town as railways, pleading shortage of coal, have cancelled trains by the hundreds.

The railroads have decided also not to run special race trains for the opening of the flat racing season next week.

**Lancashire and Leeds Mills Close.**  
The cotton mills at Bolton and other places in Lancashire's cotton triangle, while most of the factories in Leeds have either stopped entirely or are running on half time.

Factories everywhere have drawn their fires and this week-end have numbers of factories and shops in the southern counties of England, which heretofore have not been affected, have paid off their men.

The navy, too, is beginning to feel the effect of the strike. Winston Spencer Churchill, first lord of the Admiralty, in answer to a question in the House of Commons, announced that the strike unquestionably would retard the progress of the work on the new ships building for the navy, and on the naval bases under construction.

## Dry Dock For Vancouver.

London, March 23.—A number of British and French shippers have decided to propose a scheme for building a floating dry dock for Vancouver. The capital for the scheme has already been subscribed and joint boards have been formed in London, and Paris in connection with the project. The growth of tonnage calling at Vancouver has made the necessity for the dock increasingly urgent. The new dock, which is intended shall have a lifting power of 15,000 tons, will be built in two years. It will be possible to use a part separately for smaller vessels and to put them together and use as a port separately for larger vessels. The dock will have a total length of 400 feet, a depth of 25 feet and a width of 80 feet.

## Infamous Scoundrel, Aged 82.

London, Mar. 23.—A gay old decoy, named James, aged 82, whom the judge at the Old Bailey described as an "infamous scoundrel," was sentenced to a year's imprisonment for defrauding a widow whom he had promised to marry.

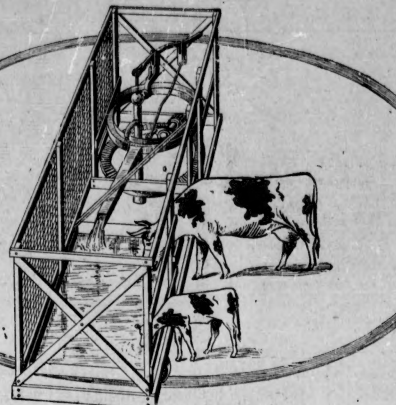

## HORSES FOR SALE

146 head. Horses and Mares four to eight years old, gentle and well broken; plenty of bone and good constitution; weight from 1200 to 1400 pounds; Percheron, Shire and Belgian stock. Also two carloads of good tallish horses—grays, dark grays and dun and grays. Also one standard-bred driving team.

I have bought, raised and fed horses for 20 years. Always have on hand from one to three hundred head. Prefer to sell in cash and live, but will sell any number. All horses hitched and worked to buyer's satisfaction.

**Malles Test Guaranteed.**  
Horsepower: Canadian Horse of Commerce at Vancouver, Victoria, Edmonton and Calgary.

THE FINANCIAL AND  
COMMERCIAL MARKETS

## Winnipeg Grain Market

Winnipeg, March 24.—Trading on the local wheat exchange was slow and options opened unchanged to 1-4 lower. Liverpool options were 1-4 lower on May and July and American futures opened weaker. Later prices advanced 1-4 cent to 1-2 cent on the through shows in American markets. Locally closing 1-2 cent higher on all months. The cash demand was fair. With light offerings and export trade (mostly) was principally for the low grades.

Minneapolis closed 1-4 cent higher for May, 1-4 cent higher for July, 1-3 cent higher for September.

Chicago closed 1 cent higher for May and 1-2 cent higher for July and September.

Options were in good demand with prices still trending upwards while flat bids were unchanged to 1-2 cent higher.

The inspection for the week were 5,415 cars as against 1,476 last year. Receipts are heavy, 300 cars being in sight for inspection.

## Chicago Grain Market

Chicago, March 24.—Futures here became as pronounced in the May wheat option here that shorts were stamped out. The close showed a net advance of 3-4 to 1-2. Local trading fair.

Wheat with gain of 1-4 to 1-2. Announcement that a cargo of red winter wheat had been purchased to come back to Chicago from Fairport, Ohio, for delivery on May contracts emphasized most importantly to short sellers the possibility of a summer harvest, notwithstanding that local stocks have been regarded as almost barren.

Decreasing stores in the southwest had a greater in finance but greater interest attached to the export business been done at the seaboard, where shipments were said to have been arranged.

ed to go to France, Buffalo reported also that it looked as if though some wheat was being worked there. At no time during the session were there able to bring about any important reaction. Between the opening and the closing, the market was 1-4 to 1-2 cent closing steady at 1-2 to 1-4 cent, but a 1-2 cent before.
